### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The following was inserted as the first sentence of the specification:

- -This is a continuation of application No. 09/413,355, filed October 6, 1999, now Patent No. 6,630,063.- -

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: An appropriate search of the prior art failed to reveal any reference(s) which explicitly teaches or fairly suggests a method of performing capillary electrophoresis, including a detection step, said method the step of, "illuminating the second group of capillaries more than the first group of capillaries such that amount of light received by a lens from the first group of capillaries is substantially identical to amount of light received from the second group of capillaries when an identical amount of samples is migrating through the first and second group capillaries, wherein the lens is positioned directly above the first group of capillaries and obliquely over the second group of capillaries".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
